

## Foam Clay Decoration on a Christmas Bauble

v13385

This plastic Christmas bauble is decorated with Foam Clay and rhinestones. The Foam Clay is pushed onto the Christmas bauble without using glue.

### *Hoe werkt het*

**1.**  
Roll small Foam Clay balls in different colors. Make some using two colors with a smaller balls in the middle of the larger one. Push them firmly onto the Christmas bauble spreading them evenly. NB: See the next step before doing this.

**2.**  
You may want to push some rhinestones onto the Foam Clay balls before pushing them onto the Christmas bauble.
