

## Christmas bag

v1261

### *Hoe werkt het*

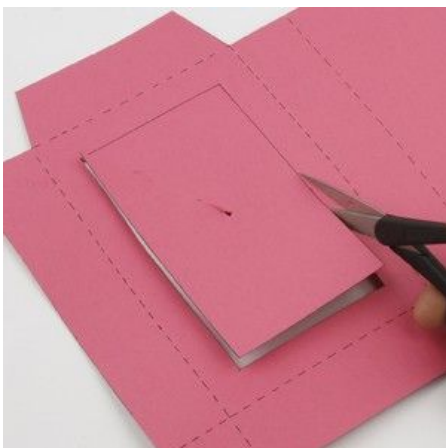

**1**  
Draw the pattern for the bag on the wanted cardboard. (stippled lines are folded and drawn lines are cut, pattern is included the idea.)

**2**  
Cut out the pattern.

**3**  
Scratch the stippled lines using the tip of a scissors.

**4**  
Draw a window in the wanted size and shape and cut it out.

**5**  
Draw a slightly bigger square than the hole of the bag on to hard foil and cut it out.

**6**  
Glue the hard foil on the back of the hole using double-sided tape.

**7**  
Fold the bag and assemble it with double-sided tape.

**8**  
Press the front and back of the bag together and a fold is made on the sides of the bag.

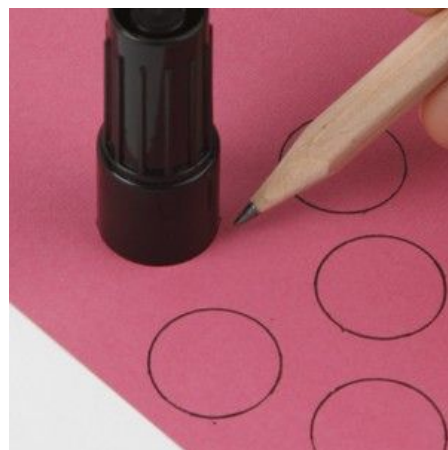

**9**  
Fold the bottom like the end of a present and assemble it with double-sided tape.

**10**  
Cut out the elf parts in cardboard from the patterns.

**11**  
Assemble the parts with double-sided tape.

**12**  
Draw dots for the hat.

**13**  
Lim prikkerne på huen med dobbeltklæbende tape og klip derefter huens kanter rene.

**14**  
Draw a face and mark the borders with a thin black marker.

**15**  
Make red cheeks with a coloured pencil.

**16**  
Make small dots for the hat using a hole puncher and attach them with double-sided tape.

**17**  
Draw the presents on cardboard using the patterns and cut them out.

**18**  
Attach the presents and the elf to the bag with double-sided tape.

**19**  
Decorate with 3D liner and gold glitter.

**20**  
Tip! Here is used a sharp scissors, but you can also use a knife. The size of the bag can vary. The patterns just have to be made by the same principle as the shown. If you want to make a cute lock on the back of the bag, you can close the flap with a heart, a star or another Christmas motive. The bags can be used as table decorations, place cards or just for Christmas goodies. Have fun!
