

## Sleutelhangers met Pompoms

Deze sleutelhangers zijn gedecoreerd met pompoms van dik garen. Aan enkele sleutelhangers is een kraal toegevoegd.

Inspiration: 14346

**1**

Cut a 65 cm piece of cotton cord, double it over and attach it onto a split ring. Tie another knot where you want to attach the pom-poms later.

**2**

Make a pom-pom from yarn. We have used the smallest of the pom-pom makers from the set of four different sizes (item No. 46135). Wind the yarn several times around each part of the two-part pom-pom maker.

**3**

Close the pom-pom maker and cut open the yarn along the groove.

**4**

Tie the doubled-over cord in the split ring onto the groove in the pom-pom maker with two knots and remove the pom-pom maker. Tie a knot close to the pom-pom.

**5**

Thread one or more beads onto the doubled-over cord and finish with a knot. Trim the two cord ends.

**Another variant**
