

## Wall Decoration with painted Weapons

v14650

This wooden dagger, pistol and axe are painted with Plus Color craft paint and the carved details in the wood are highlighted with Uni Posca markers. When dry, the weapons are glued onto a painted panel.

### *Hoe werkt het*

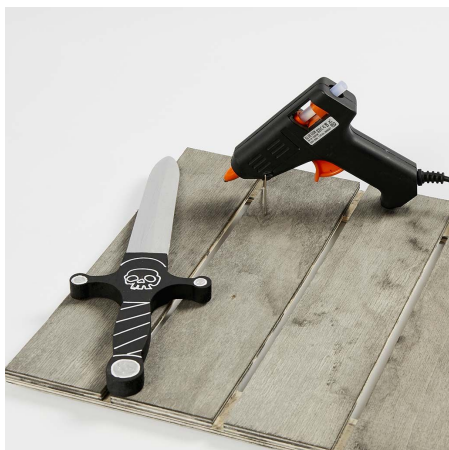

**1**  
Paint the handle with black Plus Color craft paint and silver for the blade. Leave to dry.

**2**  
Use Uni Posca markers to highlight the pre-printed details in the wood. Leave to dry.

**3**  
Wall panel: Dilute black Plus Color craft paint with water and apply onto the wall panel with a foam stencil brush.

**4**  
Use a glue gun for attaching the decorated weapon(s) onto the panel.
