

Geborduurde wenskaart met cactus en rendier

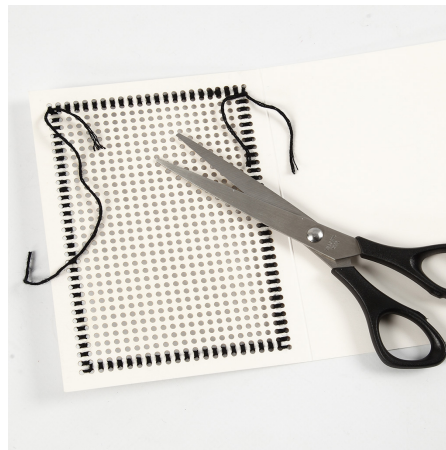

v15056

Deze geborduurde wenskaarten zijn geborduurd met gewone kruissteken met behulp van een telpatroon. Een pom-pom is bevestigd voor de neus van het rendier.

Hoe werkt het

1
Sew cross-stitches along the edge.

2
Secure the ends.

3
Continue with cross-stitches following the cactus template.

4
Attach double-sided adhesive tape onto a piece of card for covering the back of the embroidery. Press the two firmly together.

5
Make the reindeer following the same procedure as the cactus but don't attach a piece of card covering the back of the embroidery until you have sewn the pom-pom nose onto the front of the greeting card.

6
Cut out a pom-pom maker using the template. Attach two pieces of mercerised cotton yarn onto the pom-pom maker. Use the two pieces of yarn for assembling the pom-pom and for sewing it onto the front of the greeting card.

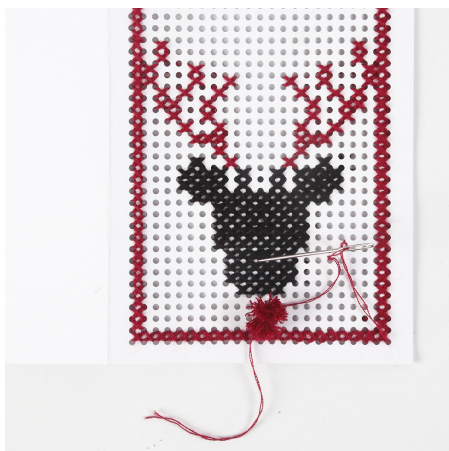

7
Wind mercerised cotton yarn approx. 20 times around the pom-pom maker. Lift the two pieces of yarn off the notch on the pom-pom maker, tighten and tie a double knot.

8
Cut open the yarn.

9
Use the two pieces of mercerised yarn for sewing the pom-pom onto the card.

10
Sew on the pom-pom for the nose.

11
Tie a knot on the back and cut off the ends.

Another variant
An embroidered greeting card with a reindeer.

Another variant
An embroidered greeting card with a cactus.
