

## Oorbellen met tassels van rocailles

De tassels voor deze oorbellen zijn gemaakt door 3mm rocailles te rijgen op sieradendraad. De tassels zijn vervolgens bevestigd aan Franse oorhaken.

Inspiration: 15260

**1**

Cut two 5 cm pieces of jewellery wire. Feed the cords through the loop of a French ear wire.

**2**

Double over the two pieces of jewellery wire at the loop of the ear wire. You now have four 2.5 cm wires. Feed all four wire ends through a crimp bead. Squeeze the crimp bead flat with flat nose pliers.

### 3

Thread 15 rocaille beads on each of the four pieces of jewellery wire and finish each with a crimp bead, squeezing it flat with flat nose pliers. Trim the excess wire.
