

Houten bloemen memo houders met Plus Color Acrylverf

v15557

Deze leuk ehouten memo houders zijn geverfd met Plus Color Acrylverf. Details zijn aangebracht met Plus Color Markers.

Hoe werkt het

1
Paint the memo holder on both sides. Do not paint the clip as it may stick shut. Use a soft, narrow, flat brush. You may apply two coats as the untreated wood is very absorbent. Leave to dry completely.

2
Add details with Plus Color markers on the completely dry surface.
