

Gevlochten kerstharten van Faux Leather papier in naturel en goud

v15397

Maak deze mooie kerstharten van Faux Leather Papier in goud en naturel.

Hoe werkt het

1
Print the templates which are available as a separate PDF file on this page. Cut out two Christmas heart basket parts from different colours/designs of faux leather paper using the template.

2
Weave the Christmas heart basket.

3
Cut a strip of faux leather paper for the handle and attach it onto the inside of the woven heart basket using a glue gun.
